1. The bid specifications isolate a particular brand, Would another brand with few variations be eligible to bid?
 - A. Yes, but the respondent must identify which specifications are variant and will note that size and features will be a considerable factor due to the intended use of the tractor.
2. With respect to the list of attachments, please confirm that these are priced individually and should NOT be included in the total price of the bid?
 - A. Correct, the line item for “Unit Price” on bid should be the total price of the tractor itself, and the “Total Price” will be the tractor plus freight and PDI (not attachments).
