NOTES:

- Multiple unit developments require separate street excavation permits for each unit to be provided with an independent service.
- All information regarding underground utility locations furnished by the City are approximate and not necessarily all-inclusive. Please contact private utility companies.
- All work is being done at the applicant's risk. The applicant realizes there may be substantial risk of damage to buried utilities and to third parties who may be injured. Failure to secure a permit will result in triple damages.
- All underground electric, telephone and cable TV lines installed across public roadways shall be in rigid metal conduit.
- The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

I HEREBY certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with, whether specified herein or not.

Signature of contractor or authorized agent _____ Date _____
