1. The verbiage on this is confusing so I would like some clarification. The Page 5 section 8 Bid Guarantee paragraph states “bid security is required for all construction contracts”. To my understanding from reading this contract, this is a supply bid on material not a construction contract. So this wouldn’t apply to the RFQ, correct?
 - a. The respondent is correct...the construction contract verbiage does not apply to this solicitation.

2. Is this a Federal Funded project?
 - a. This project is City-funded. No federal dollars involved.
