PUBLIC COMMENT: No comments from the general public were offered.

DEPARTMENT REPORTS:

FECC – Director Stephanie Johnson reported that they currently have 5 unfilled full-time positions and 1 part-time position, with 4 people in background with conditional offers. Competition for qualified applicants is stiff, with other dispatch centers paying more. They also expect to lose Bonnie Nolan in September as she retires after 30 years.

FWW is still moving forward with their cooperative usage of our CAD. AST is considering entering into an agreement as well. If this actually occurs, it will expedite emergency service deployment and information sharing during emergencies.

FFD – Chief Jim Styers reports Ron Templeton started as Assistant Chief on July 1st. For the first time in 18 months, FFD has all of its FTE's filled. However, 3 individuals are currently out on light duty, so operationally they are still running short on each shift.

The new CBA signed in May transitioned the department to a new work schedule, with 48 hours on and 96 hours off. The newest ambulance A-09 is due in September. Minimum staffing level is 9 operational personnel, and when at minimum manning, FFD is operating 2 ambulance with 1 engine crew. While at full staffing currently, FFD is expecting a significant number of vacancies in the next 18-24 months.

FPD – Officer Robert Hall reported Stryker has retired, and Diesel is the new FFD K-9. He is currently undergoing training for narcotics detection and obedience training, and is expected to be in the field the end of summer.

Chief Eric Jewkes said they currently have a report backlog due to no DMT clerical staff so there is no June data on the report he shared. He discussed the staffing issues, and reports that currently they have 3 individuals in field training and 4-5 to put into the August academy. Statistically only 60 of applicants that make it to field training complete that training. FPD is expecting 2 more additional retirement caused vacancies in the spring.

PW – Director Jeff Jacobson said his crews are busy with brushing and pot hole patching. He delayed the hiring of summer temporary crews by a month to recover some of the excess funds spent for snow removal this spring. He reports the City Council approved revisions to city code that require people to separate out sharps (needles, etc) in their garbage. BBQ ashes need to be put in separate containers. Paints and solvents must also be separate from household garbage for pick up. They are also looking at code enforcement to prohibit people from pushing private snow into public areas (such as streets) as they do not have the resources to move all the extra snow. He also announced there will be a party on July 13th, to celebrate his 60th birthday and Annie Witt's 40 year anniversary with the city.
