She stated Explore Fairbanks would be happy to do a Work Session with the Council to give a thorough update on the issue. She thanked the Council for reinvesting bed tax dollars into destination marketing.

Mr. Cleworth stated a similar study was done four or five years ago, and he asked whether it was an extension of the group or a different group. He stated the original study found that a convention center would not be feasible if it was not in close proximity to a hotel. Ms. Renfrew stated the study is being done by a different group and that they have asked Johnson Consulting Group to reevaluate and double-check the numbers. She stated that the direction has changed to look at a colocated facility with a convention center and a performing arts center. **Mr. Cleworth** asked if they have identified a funding source; Ms. Renfrew stated that a funding source has not yet been identified yet but that she would be happy to provide a future update. **Mr. Cleworth** shared his concern with subsidizing a facility of that size.

Mayor Matherly stated that October 24 marks one year of being Mayor of the City of Fairbanks and spoke of the honor it has been to serve. He stated that the meeting he was sworn in was the same meeting Sergeant Allen Brandt gave a powerful public testimony that took the breath out of the room. **Mayor Matherly** stated Sgt. Brandt's police vehicle will be parked out front to memorialize him; he stated his prayers are with the Brandt family and the FPD.

CITIZENS' COMMENTS

Frank Turney, 329 6th Avenue, Fairbanks – Mr. Turney stated voter turnout in the last election was the second highest since the 1980s. He asked why the voter rolls have not been purged. He stated it is a shame because there is no way to determine an accurate percentage of voter turnout. He stated cannabis is about education, not incarceration. Mr. Turney stated he is a member of the Clay Street Cemetery Commission, and he spoke to the importance of correcting the signage to guide visitors to the cemetery. He stated he was overwhelmed by the number of voters that came out in support of the cannabis industry but that he is hearing complaints that the THC is not high enough. Mr. Turney stated he looks forward to the Paschall's business opening with a medicinal line of products. He stated cannabis should not be part of employee drug testing because of how long the substance takes to leave a person's system. He stated Sergeant Brandt was a very professional peace officer, and he was an excellent part of the FPD.

Victor Buberger, P.O. Box 58192, Fairbanks – Mr. Buberger spoke to the fiscal problems of the City and stated it is probably because the Council went against City Code by increasing their contribution to the Fire Department's insurance plan. He stated the City should have volunteers in the Fire Department. Mr. Buberger asked who really runs the City: the Unions or the Council. He asked if the Fire Department is so special that they get to break the City when they could have some volunteer staff working at the department. He stated he has seen instances when other local departments come to help out at City fires, and he again questioned why the City does not have volunteer firefighters. He stated that on-the-job training is the best kind of training for volunteer firefighters.

Meagan Scheer, 100 10th Avenue, Fairbanks – Ms. Scheer shared her excitement for the addition to the Boy's and Girl's Club for teens. She stated that Access Alaska will be cohosting a trick-or-treating event at Pioneer Park; she stated that presale tickets are \$5 or \$7 at the door, and she listed the places tickets are being sold. She stated Access Alaska has Medicare counselors to help people during open enrollment. Ms. Scheer shared that Access Alaska's pre-employment transition program is off to a great start and that there are 22 students enrolled in the program. Ms. Scheer stated the program is hoping to meet with The Door and the Department of Juvenile Justice to see if it would be of any service to the youth in their organizations. Ms. Scheer thanked the Council for all of the support they provide to the community.

Kara Carlson, 782 7th Avenue, Fairbanks – Ms. Carlson thanked Mayor Matherly for the support he has given to the Housing & Homeless Coalition; she stated that Mike and Scott are providing a valuable service to the community. She complimented Deison for the hard work he put into the Club to get a teen center onsite. She reported that October is domestic violence awareness month and commented that Fairbanks is one of the worst places per capita for domestic violence;

she listed some statistics on domestic violence. Ms. Carlson stated the Interior Alaska Center for Non-Violent Living and some of the groups at UAF will be hosting a screening of *Beauty and the Beast* at the Wood Center ballroom. She encouraged everyone to wear purple every Friday in October to bring awareness to the issue of domestic violence.

Michael Farrell, P.O. Box 83327, Fairbanks – Mr. Farrell stated he has been reading the Fairbanks Diversity Council minutes and that being a transgender is actually a mental illness. He stated that those who transition have a 40%-50% suicide rate, and he does not understand why the City is encouraging that. He stated there are only two different genders: male and female. He referenced and spoke against the “potty project”; he added that the whole thing is disgusting. Mr. Farrell stated giving kids mind-altering drugs is a serious problem. He asked the Mayor why there were only a few, selected people who had the opportunity to testify during Mayor’s comments. He stated he did not mind waiting but that everyone should have to wait. He read aloud a section of an article he distributed to the Council that was posted in the National Review.

Darlene Herbert, 906 Woodlawn Road, Fairbanks – Ms. Herbert stated she would like all the City’s marijuana revenue to be given to treatment facilities for people with drug addictions. She stated she has seen other states successfully run treatment centers. She asked the Council to open a facility that can house 200 beds for people who are on drugs and need help. She stated the Council is talking specifically about opiates but they need to talk about all drugs. She stated there are a lot of people out there in need of help.

Hearing no more requests for public comment, **Mayor Matherly** declared Public Testimony closed.

COUNCIL MEMBERS’ COMMENTS

Ms. Therrien stated that the firefighters’ increase used the City’s Fund balance which is not against City Code. She stated given the amount of Fire Department calls it would make a bad place to train a volunteer firefighter. She stated it was offensive to hear Mr. Farrell say that a transgender person is disgusting; she stated he should take those comments back.

Ms. Rogers stated it was an interesting meeting, and she noted that there have been all sorts of comments prior to the meeting about the new order of business. She stated she likes that she is able to immediately respond to public comment but that the format is not cast in stone. She encouraged everyone to slow down on the road and to leave space between vehicles because the roads are slippery. She stated she is appalled by how fast she sees drivers driving in parking lots because little children dart out into the street so quickly.

Ms. Huntington congratulated Mr. Cleworth and Mr. Pruhs for being reelected, and she thanked them for all the experience and energy they bring to the Council. She stated Mayor Matherly represented the City famously at AFN in his welcoming remarks and added that it was a great moment for Fairbanks to shine. She stated that it is domestic violence awareness month and encouraged people to speak up and take action against it. She encouraged everyone to advocate for and take care of themselves and their families.

Mr. Bagwill asked everyone to keep the Brandt family in their prayers. He thanked the Council and City staff for all the work done on past budgets. He stated he had not contacted journalist Kevin Baird back because he is drowning in the budget and trying to learn the process. He thanked everyone who showed up to vote and have their voice be counted and heard. He thanked the Clerk's Office staff for all the hard work they put into the election.

Mr. Cleworth stated that within the last week the community lost two important people: Marion Braid and Karen Lavery. He shared a little about each woman and stated that Ms. Lavery was instrumental in changing downtown Fairbanks. **Mr. Cleworth** stated he was happy to hear the news about the Permanent Fund but reminded everyone that there may be some tough times ahead. He stated he has tried for years to change the Firefighter contract to allow for volunteers but to no success. He asked whether the City Hall door locking schedule has been changed with the changing of the order of business; Mayor Matherly stated it has. **Mr. Cleworth** commended Mayor Matherly for representing Fairbanks at AFN. He stated that it has been a joy to serve on the City Council over the years. **Mr. Cleworth** stated that when he first started serving on the Council, the Police and Fire Departments were in cramped quarters on 7th Avenue. He stated that in the mid-1990s, voters approved the bond for the Police Station, and Senator Pete Kelly and others in Juneau helped the City's Fire Station come to pass. He stated the beauty of Cushman Street is all the work that you cannot see—like the fiber-optic cable that runs under the street. He stated he loves serving on the Council because of the difference a person can make in the community. **Mr. Cleworth** stated City Hall is a classic example; he explained that City Hall used to be the School District Building, and when they relinquished it to the City, employees painted their own offices and made it their own space. He stated over the years the City has helped to restore the building. Speaking about the world as a whole, **Mr. Cleworth** stated that if a person makes \$35,000 or more per year they are considered very wealthy and in the upper 1% of all wage earners on earth.

Mr. Pruhs stated he would look into the status of Kelly Paschall's building for Mr. Turney and have a report at the next Council meeting. He stated the City does not observe Martin Luther King, Jr. Day as a holiday. He stated that he would like the Fairbanks Diversity Council to speak with each bargaining unit to find out why personal days are given, but MLK Day is not observed. **Mr. Pruhs** thanked everyone for congratulating him on being reelected and that serving on the Council for the City in which he was raised is a fine honor. He thanked everyone for allowing him to give his input and thanked the Mayor for having fine staff to work with.

Mr. Pruhs, seconded by **Mr. Bagwill**, moved to go into Executive Session for the purpose of discussing Gavora, Inc. v. City of Fairbanks 4FA-16-01898CI: Offers of Judgement.

Mayor Matherly called for objection and, hearing none, so ORDERED.

SECOND READING AND PUBLIC HEARING.

Mr. Pruhs, seconded by **Mr. Cleworth**, moved to ADOPT Ordinance No. 6063.

Mr. Pruhs, seconded by **Mr. Cleworth**, moved to SUBSTITUTE Ordinance No. 6063, as Amended, for Ordinance No. 6063.

Mayor Matherly called for objection and, hearing none, so ORDERED

Mayor Matherly called for Public Testimony and, hearing none, declared Public Testimony closed.

Mr. Meeks requested that when the Council gets to the portion of the ordinance dealing with the reduction of a Payroll position that it be removed because the City has not had a chance to negotiate the item with the Union.

Mr. Pruhs asked about the temporary hire in the Building Department; Mr. Meeks stated the Building Department position is not part of the negotiation issues.

Public Works Director Jeff Jacobson spoke to the three memos he handed out requesting budget amendments to be made on the floor. Mr. Jacobson requested that \$15,000 be reallocated within the Public Works budget from repairs and construction materials to overtime because weather-related incidents are starting to pile up, and overtime funds are short. He requested the Council use \$27,000 in Capital Fund equipment savings to purchase a tractor that would be used for ditch

work, turf raking, and snow removal on sidewalks. Mr. Jacobson requested an increase of \$24,827 to the Capital Fund budget for status control systems at Public Works. He explained that the systems would send temperature variation alerts to prevent system freeze-ups and busted pipes.

Ms. Rogers asked why the control module was not installed when the work was done; Mr. Jacobson stated the work happened before he took over at Public Works, and Siemens discovered that there was no alarm system during a recent site inspection. He stated millions of dollars of equipment is housed in the warm storage building, and if there is ever an emergency there needs to be some kind of alert system to give warning.

Ms. Therrien, seconded by **Mr. Cleworth**, moved to AMEND Ordinance No. 6063, as Amended, by reallocating \$15,000 from Public Works repair and construction (account 5405) to overtime (account 5002).

A ROLL CALL VOTE WAS TAKEN ON THE MOTION TO AMEND ORDINANCE NO. 6063, AS AMENDED, BY REALLOCATING \$15,000 FROM PUBLIC WORKS REPAIR AND CONSTRUCTION (ACCOUNT 5405) TO OVERTIME (ACCOUNT 5002) AS FOLLOWS:

Mayor Matherly declared the MOTION CARRIED.

Mr. Cleworth stated he was going to bring his proposed amendments for discussion to the Finance Committee meeting, but it was canceled. He stated Mayor Matherly took office a year ago with a goal of mending relationships with City departments, particularly the Police Department. **Mr. Cleworth** stated giving the department a bonus and a 4% increase was the right thing to do, and it was approved unanimously by the Council. He stated that IBEW employees deserve to be reimbursed for their increased healthcare costs in 2017. He stated non-represented employees also deserve to be reimbursed for their increased healthcare costs and should not be tied to the IBEW labor negotiations. He suggested the exempt staff get the same increase of 1.4% that the AFL-CIO received.

Ms. Therrien asked why the City's contribution to the Deputy City Attorney's healthcare is twice the amount of other non-union employees; Ms. Randle stated the contribution is a part of the hiring package for that position; she explained that because she only works part time, the City pays twice the healthcare contribution. She stated it is the same package that was given to the former Deputy City Attorney.

Mr. Cleworth stated the Mayor was not included in the increase because compensation increases for the Mayoral position must be done a year in advance. **Mayor Matherly** stated that he does not need a raise and is not seeking an increase.

Ms. Randle clarified that there is no pay increase in the ordinance for the Deputy City Attorney.

Ms. Huntington thanked Mr. Cleworth for bringing the issue to the Council's attention before the end of the year when it would be too late to do anything for the employees.

Mr. Meeks asked the Council to wait to act on the position reduction and reallocation of duties in the Finance Department until the City had time to discuss it with the IBEW negotiating team.

Mr. Pruhs, seconded by **Ms. Therrien**, moved to AMEND Ordinance No. 6063, as Amended, by striking the whole bullet point on page 6, item 4 starting with “Reduce one payroll position...”

A ROLL CALL VOTE WAS TAKEN ON THE MOTION TO AMEND ORDINANCE NO. 6063, AS AMENDED, BY STRIKING THE WHOLE BULLET POINT ON PAGE 6, ITEM 4 STARTING WITH “REDUCE ONE PAYROLL POSITION...” AS FOLLOWS:

Mayor Matherly declared the MOTION CARRIED.

Mr. Cleworth asked Building Official Clem Clooten to come forward for a staff report. **Mr. Cleworth** stated he is struggling with an extra \$15,424 for a temporary administrative hire in the Building Department. He stated when employees are gone for a period of time, others in the department typically cover that position; he asked whether the department could make it through the end of the year if the Council provided funding for a temporary hire starting in 2018. Mr. Clooten stated when the individual in the position is gone for a week or so on vacation the department makes do, but several months is a considerable amount of time to operate without that position. He stated his department would make do with whatever the Council decided. **Mr. Cleworth** asked Mr. Clooten if there was a way he could make it through 2017 without amending the budget; Mr. Clooten replied he would do whatever needed to be done to make things work.

Ms. Huntington asked what the affect would be on the department if things got busy. Mr. Clooten stated it is important to process permits so that contractors can continue to work. He stated if a permit sits a day or so extra, contractors complain because they are unable to continue working.

Ms. Therrien asked if it were the best use of Mr. Clooten’s time to do the work of the administrative assistant. Mr. Clooten replied that it may not be the best use of resources but that everyone in City Hall does what they have to do to get the job done.

Mayor Matherly asked if a half-time temporary hire would be a more cost-effective solution. Ms. Randle stated the IBEW contributions are the same amount whether it is a full-time or part-time employee and that is why it is more cost-effective to hire a full-time temp. Ms. Randle stated the City still has to pay the healthcare and still has to pay into the IBEW pension.

Mr. Cleworth, seconded by **Ms. Huntington**, moved to AMEND Ordinance No. 6063, as Amended, by reducing the funding of the Building Department temporary hire from \$15,424 to \$7,712.

Mayor Matherly expressed confusion as to why it would cost so much to have a part-time, temporary employee; Ms. Randle stated the City has to pay the whole healthcare premium no

matter whether the employee is part-time or full-time. She stated that, historically, it has been rare to hire part-time, temporary IBEW employees. **Mayor Matherly** asked what the hourly wage would be for the temporary employee; Ms. Randle stated the base wage is \$28.47, and all benefits must be paid on top of that.

Human Resources Director Angela Foster-Snow stated she did not remember having to pay full-time benefits to a part-time, temporary hire, and she offered to reach out to the IBEW to see if that is what the expectation is. Ms. Randle stated when they had interns in the Engineering Department the City had to pay increased costs toward healthcare and pension because that is how the IBEW negotiated it.

Mr. Bagwill asked if the employee had to be IBEW; Ms. Randle replied affirmatively.

Ms. Therrien stated high-wage employees should not be doing clerical work and recommended that the full amount be funded for a temporary hire to fill the position.

Mr. Pruhs spoke against hiring a temporary employee and stated that there are enough people in the department to step up and fill in for the vacancy. He stated it is obscene that the Building Department needs a temporary hire with five other able bodies in the department.

Ms. Foster-Snow stated that if one person is not identified as the designated person taking over the position after five working days, everyone in the Building Department will get a 4% increase per the contract for covering the position. She explained that one specific person needs to be designated to fill in; otherwise, everyone that carries additional duties will receive a 4% increase for performing duties outside their respective job descriptions. Ms. Randle argued that not everyone would get the 4% increase – only the person performing the extra duties at the time they are performing them. Ms. Foster-Snow stated there is no way to track who is doing extra work throughout each day, so everyone would receive the additional 4%.

Mr. Cleworth stated if they identified one person to fill in for the admin, then only one person in the department would get the 4% increase. He stated he understands that if no one is identified the whole department could claim the increase. He recommended that one person be selected to take over the administrative tasks. Ms. Foster-Snow stated she believes it would be beneficial to work out an agreement with the IBEW about who will cover and what is expected of a temporary hire in the department. Ms. Randle stated she estimated on the high side as to how much it would cost for a temporary hire. **Mr. Cleworth** stated the Building Department employees would not be acting up into a position, but they would be acting down; he asked why they would get an increase at all. Ms. Foster-Snow stated they would receive an increase for taking on additional duties outside their job description.

Mr. Meeks read aloud the portion of the IBEW contract speaking to the 4% compensation.

Ms. Therrien asked what a 4% increase would cost for two months for a Building Department employee to take over the admin duties. Ms. Randle stated that basing her estimate off only one employee it would cost an additional \$600-\$700 through the end of 2017.

A ROLL CALL VOTE WAS TAKEN ON THE MOTION TO AMEND ORDINANCE NO. 6063, AS AMENDED, BY REDUCING THE FUNDING OF THE BUILDING DEPARTMENT TEMPORARY HIRE FROM \$15,424 TO \$7,712 AS FOLLOWS:

Mr. Pruhs, seconded by **Mr. Bagwill**, moved to APPROVE Resolution No. 4815.

Mayor Matherly stated that the resolution would allow the City to apply for a grant that, if awarded, would allow for cleanup of contaminated areas around the City. He asked Environmental Manager Andrew Ackerman to speak to the resolution. Mr. Ackerman explained how the Brownfields Grant works and how to determine which sites could be cleaned up using the funds. He stated the objective is to get the sites redeveloped into healthy properties. He stated that he received support from many organizations to apply for the grant in order to clean-up some of the environmental nuisances in the community.

Mr. Cleworth asked how sites are determined to be hazardous; Mr. Ackerman stated the only sites the grant can be applied to are sites that have already been disclosed to the public as contaminated on the Department of Environmental Conservation (DEC) website.

Ms. Huntington stated she worked on Brownfields assessments when she was just out of college. She stated they only clean up sites that would otherwise be too contaminated for any kind of use, so owners are motivated to clean up their properties for future use.

Mayor Matherly asked how soon the City would know if they were going to receive the funds once they applied. Mr. Ackerman stated he would know in early 2018.

Mr. Pruhs asked why six additional water lines cost \$340,720; Ms. Randle stated the water main had to be routed all the way around the subdivision, and it cost more than normal. She stated it will help keep future costs down if additional water lines need to be added.

Mayor Matherly stated he and Mr. Meeks have discussed putting the “cart before the horse” in regards to change orders. Mr. Meeks stated there was an ordinance passed in October authorizing the hook-ups; he stated the memo is just to inform the Council of the cost.

CITIZENS' COMMENTS

Randall Kelsch, 3254 Riverview Drive, Fairbanks – Mr. Kelsch spoke to the liquor license at McCoy's Restaurant at 636 28th Avenue. He asked the City to lift the protest on the location because he complied with the Fire Department's request to place sprinklers throughout building.

He stated he is fully compliant and looking for a tenant; he stated that having the protest lifted would allow for a restaurant to operate at the location.

Victor Buberger, P.O. Box 58192, Fairbanks – Mr. Buberger stated the snow seems to be plowed on the Southside, but pedestrian routes are not good in the City. He stated Noble Street is plowed beautifully, but 2nd Avenue is a mess. He asked if snow removal would be performed on Thanksgiving Day at double or triple overtime for union employees, and he commented that all the overtime makes a nice Christmas bonus for the union workers. Mr. Buberger spoke about transgender restrooms and questioned what might happen if he decided he wanted to be a kitten, a pony, a stallion, or a unicorn. He spoke against special restrooms for transgender people. He expressed his belief that people are born and die either male or female. He again spoke of the danger to pedestrians with all the snow on sidewalks and in neighborhoods.

Frank Turney, 329 6th Avenue, Fairbanks – Mr. Turney stated he understands that there is only one snow crew until the end of the year but that the snow berms are starting to get high. He shared that he has faith in Public Works Director Jeff Jacobson that he will get the job done. Mr. Turney spoke to racial discrimination in the jury pool and stated he is trying to get the FDC to look into the problem. He shared his concern with the FDC supporting the transgender restroom issue and stated that the public has the right to know the FDC is supporting the issue. He thanked the Mayor for speaking out about the alcohol problem in the community and commented that he is the first Mayor to take such a stand. He wished everyone a happy Thanksgiving and shared that if it was not for the Bill of Rights, Americans would not be able to enjoy such things.

Mayor Matherly reminded everyone of the rules of decorum.

Michael Farrell, P.O. Box 83327, Fairbanks – Mr. Farrell stated International Men's Day was November 19, and he recommended the book Thirty Seven by Quintus Curtius. He distributed a handout about the sexuality of humans and stated that the City does not have the money for projects like the potty project. He stated the Council should spend more time working on balancing the budget and less time focusing on transgender restrooms.

Mayor Matherly asked Mr. Farrell if he had attended any of the Fairbanks Diversity Council meetings or any of the budget meetings. Mr. Farrell stated he has not attended either type of meeting but that he has read meeting minutes. **Mayor Matherly** invited Mr. Farrell to attend the meetings and encouraged him to participate in the process.

Angela Foster-Snow, 1212 Bainbridge Boulevard, Fairbanks – Ms. Foster-Snow clarified that the potty project is not focused only on transgender issues; she stated it is an effort to make restrooms available to anyone who may need special assistance. She clarified the individual bathrooms are about normalizing opportunities for people who may need special assistance in the restroom and it just happened to be brought up at an FDC meeting. She shared a story of her brother needing special attention in the restroom; she added that having a single-stall restroom would have helped him be more comfortable.

Vivian Hong, 201 Old Steese Highway, Fairbanks – Ms. Hong stated alcohol is a factor in 40% of violent crimes and that marijuana stores will not add to it. She stated the marijuana industry is good for the community because it will increase tourism and boost the City's budget.

Hearing no more requests for public comment, **Mayor Matherly** declared Public Testimony closed.

Ms. Therrien, seconded by **Mr. Bagwill**, moved to SUBSTITUTE Resolution No. 4817, as Amended (Hand-carried) for Resolution No. 4817.

Mayor Matherly called for objection, and hearing none, so ORDERED.

Mr. Cleworth stated Mayor Matherly has done as much as he can to mend fences between City Hall and the Police Department. He stated he believes it was a good thing to help to improve morale in the department and spoke to the department's bonus about a year ago. He stated some of the other City employees were upset that only one department received a bonus and a 4% increase while they received nothing. **Mr. Cleworth** stated if Police and Dispatch employees receive another bonus it would equate to a 5-6% pay increase, and he expressed concern about being fair with all unions. He stated things have not been even and equitable across the board for City unions, and the Council has created tiers within the City. He stated that giving bonuses while the City is in a budget crisis is wrong. He stated the Council is getting into a public relations nightmare with other City employees.

Mr. Pruhs stated he is holding a document from the Public Safety Employees Association (PSEA) suing the City of Fairbanks, and he asked why a bonus was on the table. He stated the Mayor acted in good faith and tried to rectify union issues with the PSEA. **Mr. Pruhs** stated the City should quit enabling them with bonuses and pay increases. He added that the resolution enables incompetency, and he spoke against its approval.

Mr. Cleworth asked the sponsors of the ordinance to speak with other department heads to see what their employees are saying about the bonuses for PSEA employees. He stated that last summer the Council was so concerned about running short on funds that they asked the voters to approve a property tax increase; he stated it sends mixed messages to the public.

Ms. Therrien spoke in support of the resolution and stated that the Dispatch Director and Police Chief asked the Council to support their employees. She stated the bonuses would be paid from salary savings, and she spoke of how dispatchers and police officers picked up the slack for all the vacancies. She stated that they have earned bonuses by working so much overtime.

Mr. Cleworth, seconded by **Ms. Rogers**, moved to AMEND Resolution No. 4817 by changing the “remain employed through” date from June 1, 2018 to December 31, 2018.

A ROLL CALL VOTE WAS TAKEN ON THE MOTION TO AMEND RESOLUTION NO. 4817 BY CHANGING THE “REMAIN EMPLOYED THROUGH” DATE FROM JUNE 1, 2018 TO DECEMBER 31, 2018 AS FOLLOWS:

YEAS: Pruhs, Therrien, Cleworth, Bagwill, Rogers
NAYS: None
ABSENT: Huntington
Mayor Matherly declared the MOTION CARRIED.

Mr. Bagwill stated it is his first budget season with the City and that he has learned an incredible amount in a short time. He stated the funds that will pay for the bonuses are from salary savings and that the department cannot hire people fast enough to fill the vacancies. He stated FPD employees are working a lot of overtime, and they are getting burnt out. He stated the bonus would help retain those employees. He stated while it may be hard to explain to other City departments, the bonuses are deserved.

Ms. Rogers spoke in support of the resolution.

Mr. Cleworth stated the Council is setting a precedent, and now all department heads will be coming to the Council requesting to give bonuses to their employees using salary savings. He stated year-end bonuses are not standard at the City. He stated the upcoming year is going to be tough and the excess funds being discussed should be used elsewhere. He stated the police do work a lot of overtime but that treating one department better than another is hard to justify.

Mr. Pruhs stated he is going on the record to state that the bonuses are almost discriminatory toward other departments and bargaining units at the City.

Mayor Matherly stated when he came into office he replaced the Chief of Police from within the ranks at the department, and within a week of being elected Sergeant Brandt was shot. He stated he tries to be an involved Mayor and that he does not see the bonus as a PSEA issue. He stated he appreciates what Mr. Pruhs has to say about the PESA suing the City but not every City employee has to worry about being shot each day when they come to work. He stated there was a beheading the previous week, and the police are the ones called upon to run to danger. **Mayor Matherly** stated he is accessible 24 hours a day in his office and on Facebook. He stated he

respects all the employees of the City of Fairbanks. He added that the police department deserves bonuses because they have dealt with 13 homicides in 2017, and there are still three weeks left in the year. **Mayor Matherly** stated the department is down seven officers, and some of the people in training may not pass through the test rounds.

Mr. Cleworth stated the City is not saving money; he explained that if they pay out bonuses, that money will not go to the Capital Fund. He stated that Capital Funds are used to purchase needed equipment, and he reminded everyone that City residents deserve the best service that can be provided.

Ms. Therrien stated the fiscal note shows that there is plenty of money in the police budget to fund necessary Capital projects.

CITIZENS' COMMENTS

Victor Buberger, P.O. Box 58192, Fairbanks – Mr. Buberger stated he misses the professional way Mayor Eberhart used to run City Council meetings. He read aloud a portion of the FDC meeting minutes relating to the potty project. He stated he gave comments about the issue at the previous Council meeting, and he stated that HR Director Foster-Snow tried to make the transgender restroom idea something other than what it was. He stated the minutes clearly state that the restrooms are for transgender people—not for those needing special assistance in the restroom.

Frank Turney, 329 6th Avenue, Fairbanks – Mr. Turney distributed a handout about the bathroom mandate being a bad idea, because it allows people to use the restroom of their identity. He scolded Mayor Matherly for not following the rules of order and decorum by interrupting citizens’ comments at the previous meeting. He spoke against transgender restrooms and stated that the issue leads to threats against children’s safety, is an invasion of privacy, and is government overreach. He harshly criticized Mayor Matherly for his support of the FDC’s involvement in the potty project.

Ms. Therrien called a POINT OF ORDER. She stated that Mr. Turney is personally attacking the Mayor.

Mr. Turney stated that he and Mr. Buberger have pushed for years to get public restrooms in the City and shared that he is disgusted that the Mayor would advocate for transgender restrooms but not public restrooms for all.

Christian Hood, P.O. Box 83091, Fairbanks – Ms. Hood stated she represents Good, LLC and reminded the City Council of the activities her company has been involved with throughout the community. She stated her employees work with the Stone Soup Café and thanked the Council for not protesting their retail license. She stated they held another First Friday event recently and donated the proceeds of the sales that evening to the Interior Alaska Cancer Association.

Mr. Pruhs thanked Ms. Hood for keeping her business well-kept and for providing much needed contributions to the community.

Hearing no more requests for public comment, **Mayor Matherly** declared Public Testimony closed.

Mayor Matherly shared that the person who brought information on the potty project to the FDC called afterwards and asked that the letter not be sent out; he stated that they indicated that the project was not ready to proceed. He explained that is why the issue never came before the City Council and that the purpose of the project is to make restrooms accessible to everyone.

Ms. Rogers stated she is a non-voting member of the FDC and that universal restrooms are commonplace; she shared that she does not have any issue with them.

COUNCIL MEMBERS’ COMMENTS

Mr. Bagwill stated he learned a lot about the City budget in a short amount of time. He asked when and where the Homeless Coalition meeting would be held on Wednesday, December 6. **Mayor Matherly** reported the meeting is at the Westmark Gold Room from 8 a.m. till 5 p.m.

Mr. Cleworth stated there were some difficult discussions at the meeting and that he appreciates each City Department Head. He stated he takes issues seriously and that his only goal is to provide safety to the community and to use citizens tax dollars in the best possible way.

Mr. Pruhs predicted that the City will win the Supreme Court case and that the PSEA will continue to sue the City. He stated he believes the FPD will ask for bonuses again next year.

Ms. Therrien stated the Work Session with the Interior Delegation went very well, and she encouraged everyone to attend the Homeless Coalition event at the Westmark.

Ms. Rogers stated she appreciates the new format for Council meetings and thanked Ms. Snider for writing the invocations for the meetings. She thanked Mr. Cleworth for his contemplative look at all issues and shared that she has valued his opinion for decades. She stated she appreciates his calmness and consistency in serving the residents of the City of Fairbanks. She stated while she may not always agree with him, she admires him for the job he does for citizens.

Section 23: Schedule "A" Wages

Package rate increases will be in a range from 1.5% CPI to 3% CPI as measured by the Anchorage CPI. A three year average (use the previous three years, not counting current year) will be utilized and if that three year average falls below the 1.5% CPI, then the City will pay a 1.5% package increase. If the three year average is above 3% Anchorage CPI then the City will pay a 3% package increase. If the 3 year Anchorage CPI is between 1.5% and 3%, then the City will pay the actual 3 year CPI average. The parties agree to use this formula to determine increases to the wage package for the remaining years on this contract effective January 1, 2017 through December 31, 2019 as well as future years if reaffirmed by both parties.

Example 1. 3 year Anchorage CPI average = 1.1%, city pays 1.5%

Example 2. 3 year Anchorage CPI average = 2.1%, city pays 2.1%

Example 3. 3 year Anchorage CPI average = 3.4%, city pays 3%.

TO: City Council
SUBJECT: Manning and Mutual Aid

Attached is a letter from Chief Mitch Flynn, from Steese Volunteer Fire Department. Steese will no longer respond into the City mutual aid for Alpha, Bravo, and Charlie ambulance requests. The issue is the imbalance in mutual aid the City of Fairbanks is receiving from Steese compared to the amount of mutual aid the City is providing them. Chief Flynn advised me that this letter was going to FNSB legal and to the Mayor's office.

On 1/16/18 the University Fire Department had their monthly commissioners meeting. On the agenda was the imbalance of mutual aid between University Fire Department and the Fairbanks Fire Department. At this time they have chosen not to take any action.

With Steese no longer responding to the Alpha, Bravo, and Charlie mutual aid calls, I have talked with Chief Schrage at University Fire and advised him that he will see increase of about 75 calls per year. Chief Schrage is fine with the increase in requests, but advised that the University Commission may not be.

Over the last three years the emergency request within the City has risen 19% with no change in manning. It is this increase in emergency requests that is causing the increase in requests for mutual aid from area departments.

I requested FECC to pull the data for mutual aid request for Fairbanks Fire Department as related to all other Fire Departments. Steese and University are the two that we use the most. The imbalance is on ambulance calls. For each time they request Fairbanks mutual aid, we request University six times and Steese seven times. This is the imbalance that each commission is upset about. The data sheet of all mutual aid is also attached.

I have also attached the current mutual aid contracts that all area fire departments are operating under. The area Chief Flynn is referencing about providing protection to you own area is highlighted.

Fairbanks Fire is currently looking at response plans to decrease the mutual aid requests. Some of the ideas are stacking calls based on their level of urgency, and also diverting from a less urgent call to a more serious call. Future planning needs is manning for a full time second out ambulance.

Sincerely,

James N. Styers, Fire Chief

Subj: 2017 Mutual Aid Responses to the City of Fairbanks

The Steese Volunteer Fire Service Area Commission met at their scheduled commission meeting on December 13, 2017. I was asked by the fire commission to give a brief accounting of the mutual aid given/received between our two organizations for 2017. The commission expressed a concern that SVFD appears to be subsidizing the Fairbanks Fire Department with excessive mutual aid responses into the city.

In 2017 we experienced another unusually high imbalance in mutual aid requests given compared to mutual aid received with the Fairbanks Fire Department. For the past 10 years or more, the frequency of mutual aid requests into the city has increased significantly. The Steese FSA Commission expressed a concern that we are giving excessive mutual aid to the city and leaving our FSA with inadequate fire protection. We fully support both fire and EMS mutual aid agreements currently in place, however it must be within reason and not jeopardize our ability to respond to our own response areas unless a true disaster has taken place.

Just like every other fire department in the interior of Alaska, we cross staff our ambulances and engines. When a Steese ambulance responds into the city, our fire engine staffing can suffer depending on available volunteers. Under the current fire mutual aid agreement, it states, *"Such plans (mutual aid) shall take into consideration the proper protection by the Responding Party of its own geographical area."* And under the current EMS mutual aid agreement, it states *"Each entity represents that it owns and maintains the equipment and retains the personnel sufficient to provide services to its primary response area, and this agreement is intended to provide for unexpected and emergency needs only."*

This means all fire departments under this mutual aid agreement are expected to maintain adequate fire and EMS services within their respective response areas when accepting any fire or EMS mutual aid request.

In 2017, the SVFD was dispatched to 86 mutual aid calls into the city while FFD was dispatched to 14 mutual aid calls into the Steese FSA. 73 responses were EMS-related and 13 were fire-related responses. Providing mutual aid to the city of Fairbanks is becoming too costly for us to continue providing the service as we have in the past.

Mitch Flynn, Fire Chief

I have instructed my officers to turn down mutual aid requests any time it impedes on our ability to serve our borough residents first. I have also instructed FECC Dispatch Director Stephanie Johnson, to only dispatch us for "Delta and Echo" level fire and EMS calls into the city as long as we maintain one ambulance and one fire engine in service for our response areas. Mutual aid requests other than as stated above may be directed to Battalion 61 and a decision can be made on a case by case basis depending on Steese staffing levels.

As with all departments under both mutual aid agreements, we reserve the right to turn down any mutual aid request at any time in order to provide adequate emergency services within our primary response areas.

Mitch Flynn

Each entity represents that it owns and maintains the equipment and retains the personnel sufficient to provide services to its primary response area, and this Agreement is intended to provide for unexpected and emergency needs only.

SECTION 3. Authority to Request to Provide Assistance

a. The authority to make requests for assistance or to provide aid under this agreement shall reside with the requesting entity's command personnel or the command personnel's designee. For purposes of this agreement, the "requesting entity" shall mean the incident commander or the incident commander's designee asking for assistance and the "responding entity" shall mean an officer/supervisor or designee sending assistance. Any entity shall have the right to request assistance from the other entities subject to the terms and conditions of this Agreement.

SECTION 5. Responses to Request

Upon request, a responding entity, upon determination that an emergency exists and subject to the availability of personnel and equipment resources, shall dispatch EMS personnel and equipment to aid the requesting entity.

Upon receipt of a request as provided for in Section 4 of this Agreement, the Commanding Officer of the entity receiving the request (also known as the responding entity) shall immediately take the following action:

Entities may self-insure when appropriate.

SECTION 13. Conflict Resolution

From time to time, personnel from one entity or another may have some concerns or questions regarding this agreement or the working relationship of the parties. Should any such issues arise, they should be first dealt with by the entity's chain of command to provide answers or resolution.

MUTUAL AID AGREEMENT FOR FIRE PROTECTION SERVICES

THIS AGREEMENT is made by and between the City of Fairbanks, City of North Pole, Fort Wainwright, Eielson Air Force Base (acting pursuant to the authority of 42 U.S.C. 1856a), Fairbanks International Airport, the Fairbanks North Star Borough fire service areas, Steese Volunteer Fire Department, Ester Volunteer Fire Department, Chena-Goldstream Fire & Rescue, North Star Volunteer Fire Department, University Fire Department, and Salcha Fire & Rescue.

NOW, THEREFORE,

WHEREAS, each of the parties hereto has an interest in fire protection; and

WHEREAS, each of the parties owns and maintains equipment and retains personnel who are trained to provide various levels of service in order to provide fire protection services; and

WHEREAS, in the event of a fire or other emergency, a party may need the assistance of another party to this Agreement to provide supplemental fire equipment and/or personnel support; and

WHEREAS, each of the parties may have the necessary equipment and personnel available to enable it to provide such services to the other party to this Agreement in the event of such a fire, or other emergency; and

WHEREAS, the equipment and personnel of each party are located in such a manner as to enable each party to render mutual assistance to the other; and

WHEREAS, each of the parties to this Agreement has determined that it is in the best interests of each party to set forth guidelines for providing mutual assistance to each other in the case of a request for mutual aid; now, therefore,

IT IS HEREBY AGREED AS FOLLOWS:

1. **PURPOSE** The stated purpose of the Mutual Aid Agreement is to provide mutual assistance to the parties for fire protection services outside the normal scope of what each party regularly provides.
2. **GENERAL TERMS** In order to be a participant in this agreement, a fire department must be registered with the State of Alaska Fire Marshal's office. The parties agree that the President of the Interior Fire Chief's Association is designated as a coordinator for all parties to this Agreement.
3. **REQUEST FOR ASSISTANCE** The Incident Commander of the party at an emergency within the boundaries of that party's geographical jurisdiction (also known as the Requesting Party) is authorized to request assistance from another party to this Agreement if confronted with an emergency situation at which the Requesting Party has need for equipment or personnel in excess of that available to the Requesting Party.
4. **RESPONSE TO REQUEST** Upon receipt of a request as provided for in Paragraph No. 3 of this Agreement the Chief Officer of the party receiving the request (also known as the Responding Party) shall immediately take the following action:

- A. Determine if the Responding Party has equipment and personnel available to respond to the request of the Requesting Party and determine the type of the equipment and number of personnel available.
 - B. Determine what available equipment and what available personnel should be dispatched in accordance with the plans and procedures established by the parties.
 - C. In the event the requested equipment and/or personnel are available, then the Chief Officer may dispatch such equipment and personnel to the scene of the emergency with proper operating instructions.
 - D. In the event the requested equipment and/or personnel are not available, then the Chief Officer shall immediately advise the Requesting Party of such fact.
5. **COMMAND RESPONSIBILITY AT EMERGENCY SCENE** All parties agree to implement the National Incident Management System during mutual aid responses and to follow the area-wide accountability and area-wide communications plans. The Incident Commander of the Requesting Party at the scene of the emergency to which the response is made, shall be in command of the operations under which the equipment and personnel sent by the Responding Party shall serve; provided, however, that the responding equipment and personnel shall be under the immediate supervision of the officer in charge of the responding apparatus. If the Incident Commander specifically requests a senior officer of the Responding Party to assume command, then the Incident Commander shall not, by relinquishing command, be relieved of responsibility for the operation. If an emergency in the Responding Party's own jurisdiction occurs during a response to a request, the Responding Party must be released by the Incident Commander prior to departing the scene. The Incident Commander will not unreasonably withhold consent to release a Responding Party in the event of an emergency.
6. **LIABILITY** Each responding entity hereby waives all claims against each requesting entity for compensation for any property loss or damage and/or personal injury or death occurring as a consequence of the performance of this agreement.
- A responding entity assumes all liability and/or cost of damage to its equipment and the injury or death of its personnel when responding or performing under this agreement.
7. **POST RESPONSE RESPONSIBILITY** Upon completion of the rendering of assistance, such assistance and help as is necessary will be given by the parties to locate and return any items of equipment to the fire department owning said equipment. All equipment and personnel used under the terms of this Agreement shall be returned to the Responding Party upon being released by the Requesting Party, or upon demand being made by the Responding Party for return of said equipment and personnel. All entities shall maintain records regarding the frequency of the use of this agreement and shall share said records upon request with the other parties to this agreement.
8. **COMPENSATION** Each party agrees that it will not seek from the other party compensation for services rendered under this Agreement. Each party hereto shall at all times be responsible to its own employees for the payment of wages and other compensation and for carrying worker's compensation insurance upon said employees; and

each party shall be responsible for its own equipment and shall bear the risk of loss therefore, irrespective of whether or not said personnel and equipment are being used within the area of primary responsibility of that party. Nothing in this section prevents a party from filing claims for firefighting costs and losses under 15 U.S.C. §2210 and 44 C.F.R. Part 151.

9. **INSURANCE** Each party agrees to maintain adequate insurance coverage for its own equipment and personnel.
10. **PRE-INCIDENT PLANNING** The Chief Officers of the parties may, from time to time, mutually establish pre-incident plans which shall indicate the types of and locations of potential problems areas where emergency assistance may be needed, the type of equipment that should be dispatched under such circumstances, the number of personnel that should be dispatched under such circumstances and the training to be conducted to ensure efficient operations. Such plans shall take into consideration the proper protection by the Responding Party of its own geographical jurisdiction. The parties hereto agree to take such steps as are feasible to standardize equipment such as couplings, hose, and apparatus, so that said equipment can be fully utilized by either of the parties hereto.
11. **SHARED PURCHASING** This agreement creates no obligation for joint or cooperative acquiring, holding and/or disposal of real or personal property.
12. **ADMINISTRATION AND FINANCE** There is not hereby created any separate or legal administrative entity by this agreement. Each party hereto shall be responsible for and financing their separate obligations hereunder, including, if applicable, establishing and/or maintaining budgets therefore. Further, the administration of this Agreement shall be performed by each entity separately through their Chief Officers.
13. **TERMINATION AND AMENDMENT**
 - A. This Agreement shall remain in full force and effect unless terminated. A party desiring to terminate this Agreement shall serve written notice upon the other parties of its intention to terminate this Agreement. Such notice shall be served not less than thirty calendar days prior to the termination date set forth in said written notice. Said written notice shall automatically terminate the party's participation in this Agreement on the date specified therein unless rescinded prior in writing.
 - B. Review, re-negotiation or amendment of this agreement may be initiated at any time upon written request of any party hereto. Amendments must be approved by all parties hereto, and will be attached to and become part of this Agreement only upon execution by all parties.
14. **AGREEMENT NOT EXCLUSIVE** This agreement is not intended to be exclusive as between parties hereto. Each of the parties may, as that party deems necessary or expedient, enter into a separate Mutual Aid Agreement or Agreements with any other party or parties. Entry into such separate Agreements shall not change any relationship or covenant herein contained unless the parties hereto mutually agree in writing to such change.

15. **COUNTERPARTS** This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same agreement.

Regular Meeting Minutes

Call to Order at 11:34

ATTENDANCE: Joy Huntington, Rich Meyer, Buzzy Chiu, Steve Heckman, Jason Doxey, Jason McComas-Roe and Thomas Carter. Tom Temple was absent.

ADOPT AGENDA: The agenda was approved without additions.

APPROVE MINUTES: Minutes for the July 11, 2017 regular meetings were approved with some typographical corrections.

PUBLIC COMMENT: No comments from the general public were offered.

DEPARTMENT REPORTS:

FECC –Director Johnson reviewed dispatch activities. Have 6 ½ FTE’s vacant, with one in training, and one in background. They have engaged in various recruiting activities. The City of Fairbanks used to be competitive in its wage and benefit package, but has fallen behind many cities and even other Alaska dispatch centers.

The CAD software sharing agreement with FWW completed after over 2 years. AST is looking to enter into the same type of agreement. There is a significant improvement to information sharing in the area when the various agencies are using the same CAD software.

Director Johnson brought forward a proposal she and Chief Jewkes are taking to Council to use salary savings from unfilled positions to pay retention bonuses to the people who have stayed and are working all the extra hours caused by vacancies in both FECC and FPD. Those employees are also working without raises as their contract is in court. They requested the Committee support this proposal. The bonus will cost about 100K. There was considerable discussion on the matter, and questions were answered by both Director Johnson and Chief Jewkes. The final result was a motion by Steve Heckman and seconded by Buzzy Chiu “that the Public Safety Commission supports the proposed 2017 retention bonus for FECC and FPD employees and authorizes Chairman Chiu to notify the council that support in writing and/or public testimony.” The motion passed with one abstention.

Mr. Jason McComas-Roe requested that in the future if there is an item of business such as this, that it be added to the agenda, not just discussed under reports.

FFD – The FFD stats were reviewed by Asst. Chief Ron Templeton. The projection based on current trends is that FFD will exceed 5000 calls for 2017. All FTE’s are filled, however, there are multiple people off the active suppression schedule due to injuries and also prolonged military training. FFD has been losing staff members from the bottom of the seniority list as new firefighters leave for better pay and/or benefits. In 2018 they expect to lose staff from the top as

well, as the top 12 employees are eligible for retirement, and he expects to see 3-5 retirements in the year.

FPD – Statistics for FPD were reviewed by Chief Jewkes. He noted that the calls per officer are driven by the reduction in staff. They are currently down 12 positions and anticipate additional retirements in 2018 including a Deputy Chief and a couple of their detectives. With the amount of time it takes to hire and train officers, and the expected retirements, he expects FPD will not be up to full staffing until 2021. FPD has had a successful lateral hire of an officer from FWW, and the recruiting bonus he received of \$20K saved the City about \$100K for a standard new hire to undergo training. The new officer can be on the street in a very short period of time vs the year it normally takes to get someone ready to go. It is very difficult to attract trained officers, as this means they are currently working somewhere and FPD does not offer a salary & benefit package to compete with most places. FPD has lost officers to other area police departments.

He stated that the criminal justice reforms made by the State have resulted in some unintended consequences, as individuals are often released before the paperwork is even done. This does not allow for sufficient time to sober up if necessary and allows them to re-engage in whatever behavior got them arrested in the first place. The Drug Drop Box installed at FPD is operational and a great community service. It allows individuals to dispose of expired and outdated medications safely. FPD recently acquired an MRAP from military surplus at no cost. It has a 700K value. It is intended for defensive use only. Operation Glow is occurring this year again, with FPD passing out 10K glow sticks to kids to carry while walking on streets and sidewalks for Halloween.

On a final note, it will soon be the 1 year anniversary of Sgt Brant's death. There will be a remembrance on October 28th

PW – Director Jeff Jacobson reports that the draining ditches in various spots around the city are overflowing, as the ground is saturated and the cool weather does not allow for evaporation. He reports the process put into place for garbage separation is working well. PW will be reducing the number of concrete planters on Cushman and Noble. Cushman lighting has been completed.

He reports that city code has been updated, to allow fines for individuals pushing private snow into the streets. This has always be prohibited, but there was no consequence for doing so. The city simply does not have the manpower or resources to be clearing private snow. Property owners are responsible for keeping their sidewalks clean, and PW will send out letters reminding owners of this should they not be doing so.

The annual OSHA inspection of city facilities identified a minimal number of hazards. Generally departments are doing a good job keeping their buildings safe. Noble Street should be open by the end of next week.

Interests and Experiences

Please tell us how your diversity will benefit and contribute to the mission and purpose of the Fairbanks Diversity Council. You may list any group, club, organization, etc. that you are formally affiliated with.

First, please allow me to thank the Council for considering my application. I believe that my activism and community involvement allow me to add a unique voice and set of experiences to the work of the Council. I am a transperson who has worked since the 1980's on a variety of problems related to poverty and LGBTQ discrimination. Over that time I have focused on a number of issues, including helping to find housing for LGBTQ youth who are thrown out of their families when they come out, working with people who have HIV or are at risk of it, and in educating about the issues and challenges that face transpersons. I helped to create the first peer-based clinic for transpersons (the Gender Identity Project, which later merged into the Callen-Lorde Health Center in NYC), was a member of Act-Up where I was able to be a part of the team that successfully got needle exchange programs legalized in NY, worked to create housing for homeless people with HIV, and in the effort to expand healthcare to those who are closed out of the system. As a member of POTS (Part of the Solution), a Catholic Church affiliated organization that combats homelessness and hunger in the South Bronx, I coordinated volunteers and food donations for a soup kitchen that distributed hundreds of fresh-cooked and balanced meals every day of the year. I saw how poverty and lack of opportunity devastates families and communities; I witnessed the violence that results as well, including helping to save the life of a man who was shot in broad daylight. Here in Fairbanks I am an member of Gender Pioneers and the Fairbanks Activist Forum.

Why are you interested in serving on a City board or commission? What experiences can you contribute to the benefit of the board or commission?

Quite simply, I am interested on serving as a part of the Fairbanks Diversity Council because I believe the voice of persons who are gender diverse need to be part of the conversation about the future of our City and Borough. The issues around gender diversity are being widely debated nationally; over the last three decades, since I transitioned, I have been an active and persistent voice in that debate. This includes appearing on television and radio, being interviewed by the print media, and perhaps most importantly in this context, as a featured presenter of these issues at institutions such as Columbia University, New York University, the University of Iowa and to business and service organizations. I was also the first transperson to give a presentation at a conference of a major national lesbian and gay rights organization. Finally, as a law student I worked for Housing Works assisting persons recovering from alcoholism and drug abuse navigate the courts in order to deal with minor legal infractions. At many points I have worked in coalitions that required people of divergent opinions to come together, find common ground, and move in a positive direction. It is this capacity to passionately advocate but still listen and seek to understand the positions of others that will make me an asset to the Council.

Please provide a brief personal biography in the space below, or attach a resume.

In addition to the details above and in my resume, I'd like to add that although my wife and I have resided in Fairbanks for only 18 months, this was a deliberate effort on our part to live here, not just in Alaska (or anywhere else, for that matter). We spent a number of years saving money to be able to move to Fairbanks, and as soon as either of us was able to secure a viable job we purchased a home, packed our stuff, and lived in a tent for nearly a month while we closed on the house. This community drew us to it long before we were able to make the move, and it has exceeded anything we could have hoped for. It is no exaggeration to say that we feel welcomed, valued and wanted. I think it no surprise that someone who feels that way would want to make as positive impact as they can.

Question applies to Fairbanks Diversity Council

Please tell us how your diversity will benefit and contribute to the mission and purpose of the Fairbanks Diversity Council. You may list any group, club, organization, etc. that you are formally affiliated with.

The Council's activities are something I have been involved with all my 20 year residence here in Fairbanks. I am a big supporter of a better quality education for the children of Fairbanks, and that's where my main focus has been: increase awareness of our children, youth, and families about the bigger world and help them see and appreciate - and contribute to - its rich cultures, which in turn helps us all find, appreciate, and value our own family, home town, and cultural background.

Why are you interested in serving on a City board or commission? What experiences can you contribute to the benefit of the board or commission?

I have been an active part of the social life in the city of Fairbanks - more or less formalized - for years: from founding and running a school of World languages and Cultures in early 2000, to a dancing ensemble Forget-Me-Nots for children performing dances of many world cultures, International Friendship Day, and more recently Fairbanks-Yakutsk Sister-City activities.

Please provide a brief personal biography in the space below, or attach a resume.

I was very fortunate to receive a solid classical education early on, rounding it all up with a PhD in linguistics. Born and raised in the Soviet Union, I came to Fairbanks twenty years ago, and now have experience working in Russian public education system, and locally in Fairbanks running a small business, homeschooling, working in the Fairbanks North Star Borough public school system elementary and high schools, participating in a language revitalization project with Yukon-Koyukuk school district, and teaching at the UAF.
