Jessica Lissow, 2703 Chief Alexander Drive, Fairbanks – Ms. Lissow thanked the Council for their service to the community and stated that her father, Mr. Mensik, is a dedicated member of the community. She stated her father is a great parent and grandparent, and the recent negative attention surrounding him is not warranted. She reported Mr. Mensik employs 150 local residents, and he cares about each one. She stated Mr. Mensik is a hands-on business operator, and he stops by each of his businesses daily. Ms. Lissow stated Mr. Mensik is a busy man, but he always makes time for his family. She stated she has read negative and untrue things about her father recently; she stated that he is a quality man and business man. She stated her father has given a lot to the community, and she provided some examples.

Ms. Rogers asked Ms. Lissow where she had read negative things about her father; Ms. Lissow stated she read news articles and social media posts. Ms. Lissow stated she grew up in Fairbanks and that she has heard negative comments about bar owners her whole life.

Rick Mensik, 115 Chief Evan Drive, Fairbanks – Mr. Mensik asked the Council to give consideration to all of the circumstances surrounding Kodiak Jack's. He stated he contributes to the community not just by employing people but also in paying his sales tax; he added that he donates to many local organizations. He spoke to the police callout report and stated that many of the calls took place while his establishment was closed. Mr. Mensik compared other liquor establishments to Kodiak Jack's, specifically Fred Meyer and Safeway. He stated he places a lot of emphasis on his security team and spends a great deal of money on payroll to keep them well-staffed and educated. He stated the safety of his patrons is very important to him, and he asked the Council to consider all factors when deciding whether to protest his license.

Ms. Rogers asked Mr. Mensik if he was still working with Police Chief Eric Jewkes to increase security at Kodiak Jack's. Mr. Mensik stated he has had several meetings with Chief Jewkes and has relayed the information to his security staff.

Ms. Therrien asked Mr. Mensik if he has implemented any new procedures since working with Chief Jewkes and, if so, whether there has subsequently been less police activity. Mr. Mensik reported his head of security now wears a body camera just like the type police officers wear. He stated he has been working with the military base to help reduce the number of incidents that occur at his business.

Mr. Cleworth asked about the hours of operation for Kodiak Jack's; Mr. Mensik stated the hours of operation are Thursday from 8 a.m. till 2 a.m. and Friday and Saturday from 8 p.m. to 3:30 a.m. **Mr. Cleworth** asked whether the BoomTown liquor license is adjacent to Kodiak Jack's; Mr. Mensik replied affirmatively and stated that it is owned by the same owners who own the Lemongrass Restaurant. Mr. Mensik stated that BoomTown Grill & Bar has different operating hours, but they open the space in the evenings when Kodiak Jack's is open because it is also the pull tab parlor.

Ms. Huntington asked how many people are on the security staff and how many security staff work on shift at the same time. Mr. Mensik stated he has 13 total security staff working Friday

nights, and he employs a total of 20 security staff. **Ms. Huntington** asked Mr. Mensik if he has metal detectors; Mr. Mensik stated they have metal detectors, and they pat each person down upon entry or reentry to Kodiak Jack's. He stated that females pat down the female customers, and males pat down the male customers. **Ms. Huntington** asked if lighting in the parking lot has improved; Mr. Mensik stated he has the letter that former Police Chief Randall Aragon signed after he made the requested lighting changes to the property.

Mr. Pruhs asked Mr. Mensik if he resides in City limits; Mr. Mensik replied affirmatively. He stated he moved to Fairbanks in 1983 and that he has been operating various businesses in Fairbanks since 1992. He reported he has complied with the requests of several different police chiefs over the years in order to increase the safety of patrons. **Mr. Pruhs** asked Mr. Mensik if he has ever been denied a liquor license; Mr. Mensik reported that he has not.

Nicholas Nyquist, 558 Gaffney Road, Fairbanks – Mr. Nyquist stated he is the landlord at 537 Gaffney Road, the location of Kodiak Jack's. He stated that, as the property owner, losing Mr. Mensik as a tenant would create a hardship. He stated Mr. Mensik has a great deal of knowledge of the building because he has occupied the space for so long. He stated there are other tenants in the building that would be affected if Kodiak Jack's was to lose its liquor license.

Mr. Pruhs asked Mr. Nyquist what he would do with the building if he lost Mr. Mensik as a tenant. Mr. Nyquist stated he did not know what he would do with the facility because it would need a significant amount of remodeling, and it would not be feasible. **Mr. Pruhs** spoke to the vacant businesses and buildings on Cushman Street; Mr. Nyquist spoke to the hazard of Kodiak Jack's being vacant and the amount of taxes that the bar generates for the City of Fairbanks.

Sean White, 899 Senate Drive, Fairbanks – Mr. White stated anytime a large number of people get together and consume alcohol someone is going to do something stupid. He stated if Kodiak Jack's closes, the crowd will simply migrate to another bar and cause the same kind of problems. He reported that Mr. Mensik has been responsive to all requests from safety officials and that shutting his business down would be curtailing commerce. Mr. White stated he works for the FFD, and he has only been called for incidents in the parking lot of the establishment, never inside of the bar. He stated the Council should work on the bigger issue with alcohol; he suggested that there be a requirement for a non-alcohol designation to appear on an individual's State identification card to prevent the purchase of alcohol by someone who is not allowed to do so. He further stated that the Council should enact an ordinance requiring that all alcohol purchases, no matter the age of the purchaser, be subject to an identification check to verify whether the individual has any alcohol-related convictions.

Frank Turney, 329 6th Avenue, Fairbanks – Mr. Turney stated he is against putting alcohol into his body but that the government should not be regulating what he puts into his body. He stated he appreciated hearing Mr. Mensik's daughter report on the good things he has done for the community. He stated that when he was younger he used to enjoy going out and having fun and that if the Council shuts down entertainment venues, the City will "go to hell in a handbasket." He echoed Mr. White's idea about an identification check for all alcohol purchases.

Victor Buberger, P.O. Box 58192, Fairbanks – Mr. Buberger spoke in support of an ordinance regarding an identification check but stated that it will not stop someone from having a friend

purchase alcohol for them. He stated he has been to Kodiak Jack's a few times and that Mr. Mensik seems to be doing the best he can with his security team. He stated it is a well-run business and that nothing is going to prevent people from acting like humans.

Hearing no more requests for public comment, **Mayor Matherly** declared Public Testimony closed.

Mr. Bagwill stated he is impressed with the amount of homework Mr. Mensik did prior to the Council meeting.

Mayor Matherly stated it is hard to compare Fred Meyer and Kodiak Jack's because of the tens of thousands of people who shop there each week compared to the limited hours of operation of the bar. He stated that he and the Council are concerned about public safety. He stated he works closely with Chief Jewkes to address public safety concerns and that there is nothing personal behind the questions being asked about Kodiak Jack's.

Mr. Pruhs thanked Mr. Mensik for coming to the Council meeting to testify both personally and professionally about his business.

Ms. Huntington thanked Mr. Mensik for attending and for giving an overview of the safety precautions that are already in place. She stated that when the Council receives the callout information, it is hard to determine what happened at a property. She stated businesses need to be held accountable, and she is happy to see that Mr. Mensik has addressed all safety concerns.

Ms. Rogers thanked Mr. Mensik for attending and for speaking about his liquor license renewal. She shared concern that other liquor license owners were not present to speak on behalf of their respective liquor license renewals.

Sean White, 899 Senate Drive, Fairbanks – Mr. White stated that his salary appears inflated because he earns overtime; he stated that when the City calls, he goes to work. He stated the number one way to reduce overtime is to staff adequately; he stated the City will not staff departments sufficiently. He stated he has worked for the City for almost 25 years and that every

year the overtime budgets are out of control due to inadequate staffing. Mr. White reported he just took a 4% pay decrease because the Council chose not to fund the Fairbanks Firefighters Union (FFU) contract. He stated each ordinance has a fiscal note attached, and it was wrong for the Council to amend the budget on with floor without discussing it in a Finance Committee meeting. He stated nobody knows how much the Council took from the FFD when they non-funded healthcare, took away their 1% raise, and cut one position. He stated the Council should not approve the AFL-CIO contract because that would be treating one union better than another.

He stated that Fairbanks has become a less desirable place to work and live. He spoke to the history of labor negotiations between the City and the FFU. Mr. Renner indicated that when the Council chose to non-fund the contract, morale decreased. He stated that the department's call volume has increased by 20% since he was hired, yet they continue to be understaffed. He stated he has stated looking for new employment because the Council continues to dump money into the Permanent Fund and go back on agreements with the union. Mr. Renner spoke to a Council member's recent comment about the current Council being the best Council to work with; he stated he does not believe that to be true.

Michael Farrell, P.O. Box 83327, Fairbanks – Mr. Farrell stated he has been looking into a blockchain; he stated that a lot of people do not know what peoples' wages are.
