CITIZEN'S COMMENTS

<u>Frank Turney</u>, 329 6th Avenue, <u>Fairbanks</u> – Mr. Turney spoke to the history of cannabis and to how the term "marijuana" is a racist word. He read aloud quotes from Leonardo da Vinci: "The noblest pleasure is the joy of understanding" and "Any fool can know. The point is to understand."

Robert Shields, 145 Marten Drive, Fairbanks – Mr. Shields stated that he is the Executive Director of a local non-profit organization called the Alliance for Reason and Knowledge (ARK). He spoke to the Polaris Hotel stating that it is an icon in Fairbanks history and that Fairbanks should do everything possible to ensure that it is also a part of Fairbanks' future. Mr. Shields stated that ARK was created to help Alaska be resilient no matter what happens elsewhere. He indicated that his organization is very interested in the potential of the Polaris Building. He spoke about the various projects and activities ARK is involved with and expressed his belief that a vertical farm in the Polaris Building would be globally-popular and would help Fairbanks to grow. Mr. Shields requested a Work Session with the City Council to discuss his ideas further. He introduced one of his colleagues, Melanie Lindholm.

Melanie Lindholm, 923 Bennett Road, Fairbanks – Ms. Lindholm stated that she has lived in Alaska for about 10 years and plans to stay indefinitely. She stated that she recently published her Master's Thesis on food, health and the community well-being of Alaska. She stated that unfortunately, Alaska has some social ills such as domestic violence, suicide, child abuse and sexual assault that need to be addressed. She stated that all of these larger issues can be traced back to food, health and community well-being in some way. Ms. Lindholm stated that if Interior Alaska can demonstrate food security, it could result in great things happening throughout the state and in rural communities. She stated that she would like to explore potential opportunities with the City of Fairbanks in a Work Session.

Mr. Gatewood asked how the owner of the Polaris Building might fit into the plan.

Mr. Shields stated that he has had several conversations with Marc Marlow, owner of the Polaris Building. He indicated that, at one time, they had a purchase agreement for \$880,000, but that Mr. Marlow's asking price is higher than the building's value. He stated that while investors can see the benefits of vertical farming, they are not willing to invest. He commented that ARK would like to work with the City to come up with a plan since the City will likely have to deal with the property eventually.

Mr. Pruhs asked Mr. Shields and Ms. Lindholm to write their contact information in the Public Testimony Register, including their email addresses.

Mr. Cleworth asked Mr. Shields what the plans are for the Lola Tilly Commons he mentioned earlier.

Mr. Shields stated that the building is currently being renovated into office space. He stated that the Office of Sustainability is located in the upper part of the building and has donated two small, vertical towers to ARK for vertical farming. He commented that the space is small but will serve as a demonstration of vertical farming.

Helen Renfrew, 1915 Central Avenue, Fairbanks – Ms. Renfrew stated that she represents Explore Fairbanks. She briefed the Council on the recent activities of Explore Fairbanks teams. She stated that February and March are two of the peak demand months for meetings and events in Fairbanks. She spoke to the excitement of the upcoming Iditarod start that will take place in Fairbanks and thanked all those who volunteered their time to Explore Fairbanks in 2014. Ms. Renfrew recognized the 2014 Meeting Ambassadors of the Year and Sports Ambassadors of the Year. She stated that the Meetings and Conventions Department is already working to plan for 32 meetings in 2015 and spoke to other significant events that will take place in Fairbanks in 2016. She encouraged everyone to get involved.

Ms. Staley asked how direct flights to Fairbanks are looking for the summer.

Ms. Renfrew stated that flights are not her wheelhouse, but stated that Delta will be scheduling flights to Fairbanks from the summer months through December.

<u>Victor Buberge</u>, <u>PO Box 58192</u>, <u>Fairbanks</u> – Mr. Buberge thanked Police Chief Aragon for his goals to improve the City of Fairbanks. He stated that the most freedom-endangering phrase on earth ends with "...unless you have something to hide." He spoke against the loss of privacy in society. He expressed hope that Chief Aragon's efforts would put a stop to some of the crime in the City of Fairbanks. Mr. Buberge suggested that instead of giving the police a pay raise, the City lower property taxes for local residents. He stated that he heard that the average speed on 23rd Avenue is 51 mph, but commented that he has been in the area quite a bit and does not believe that. He spoke to the deterioration of the South Side of Fairbanks and spoke in support of road and sidewalk upgrades in that area.

Hearing no more requests for public comment, **Mayor pro tem Cleworth** declared Public Testimony closed.

APPROVAL OF PREVIOUS MINUTES

a) Regular Meeting Minutes of November 24, 2014.

APPROVED on the CONSENT AGENDA.

SPECIAL ORDERS

a) The Fairbanks City Council, sitting as a Committee of the Whole, heard interested citizens concerned with the following Appeal of Denied Application for New Chauffeur License:

Appellant: Gabriel T Howard

Mayor pro tem Cleworth called for the Appellant to come forward, but the Appellant was not present.

Mr. Pruhs moved to UPHOLD the Chauffeur Denial. Hearing no second, **Mr. Pruhs** withdrew his motion.

By taking no action, the Council upheld the Clerk's Denial of the Chauffeur License.

MAYOR'S COMMENTS AND REPORT

Mayor pro tem Cleworth stated that he will wait until Council Members' Comments to make his comments.

UNFINISHED BUSINESS

a) Ordinance No. 5964 – An Ordinance Amending Fairbanks General Code Chapter 46 Offenses by Adding a New Section to Prohibit the Consumption of Marijuana in a Public Place. Introduced by Council Member Pruhs. SECOND READING AND PUBLIC HEARING.

Mr. Gatewood, seconded by Mr. Walley, moved to ADOPT Ordinance No. 5964.

Mayor pro tem Cleworth called for Public Testimony.

<u>Frank Berardi, 801 Pelican Way, Fairbanks</u> – Mr. Berardi stated that he is the Chairman of the Board for the Coalition for Responsible Cannabis Legislation. On behalf of the Coalition, he spoke in support of Ordinance No. 5964, stating that it seems to be one of the least restrictive ordinances relating to cannabis throughout the state.

<u>Frank Turney</u> – Mr. Turney spoke against the taxation of cannabis indicating that it will force people to go to the Black Market to obtain the drug.

David Throop, PO Box 82033, Fairbanks – Mr. Throop stated that he is not a resident of the City of Fairbanks but appreciates the opportunity to express his opinion. He urged the Council to join the City of North Pole and the Fairbanks North Star Borough (FNSB) to form a set of definitions that deal with the marijuana issue. He expressed his belief that the legislators made a big mistake by leaving it up to local governments to come up with definitions for terms to use for enforcement of the marijuana legislation. He stated that he hopes that legislators choose to measure marijuana by its major ingredient, tetrahydrocannabinol (THC), similarly to the way alcohol is measured. Mr. Throop stated that both alcohol and marijuana affect the personality of individuals but are consumed, measured and dispensed very differently. He commented that because of its interpretive nature, everyone violates the law at one time or another. Mr. Throop expressed hope that local governments would join together to form identical definitions concerning legal marijuana.

<u>Victor Buberge</u> – Mr. Buberge spoke to his familiarity with marijuana. He commented that he does not believe that marijuana should be measured similarly to alcohol. He stated that it seems yesterday people were being locked up for marijuana-related offenses, and today people are trying to figure out how to make money by taxing marijuana sales.

Hearing no more requests for public comment, **Mayor pro tem Cleworth** declared Public Testimony closed.

Mr. Pruhs commented that the ordinance before them is the easy one and indicated that the business side of regulating marijuana will be more difficult. He stated that Ordinance No. 5964 gives direction to City police officers on how to deal with cases where marijuana is being consumed in a public place. He commented that he tried to write the ordinance with the intent of the initiative in mind.

Ms. Staley asked where the \$100 fine originated.

Mr. Pruhs stated that the number came from the initiative.

City Attorney Ewers explained that the maximum fine according to state law is \$100.

Mr. Matherly stated that many of the phone calls and emails he has received have been in regard to consumption on private property. He asked Mr. Pruhs and others to speak to his ideas for an ordinance regarding consumption on private property.

Mr. Pruhs spoke to property owner rights. He stated that one of the biggest challenges will be in trying to address the commercial side of the marijuana issue. He stated that the State of Alaska intends to deal with public marijuana consumption similarly to how open containers of alcohol are dealt with. He stated that he understands that the state's definition of "public" is very similar to what he has written.

Mr. Gatewood thanked Mr. Pruhs for introducing the ordinance. He stated that from a personal standpoint he is not in favor of the marijuana movement but indicated that he can support the ordinance because the people have spoken.

Mayor pro tem Cleworth asked the City Attorney if he agrees that the proper place to address the nuisance issues with marijuana is in the disturbing the peace ordinance.

City Attorney Ewers replied affirmatively.

Mayor pro tem Cleworth echoed some of Mr. Gatewood's comments and stated that when the people have spoken, it is the obligation of local officials to make processes as smooth as possible. He stated that he was personally opposed to the initiative and commented that it is sad that people have to use alcohol or drugs in order to get through a day. He expressed appreciation to Mr. Pruhs for taking the lead on the marijuana issue.

A ROLL CALL VOTE WAS TAKEN ON THE MOTION TO ADOPT ORDINANCE NO. 5964 AS FOLLOWS:

YEAS: Matherly, Cleworth, Walley, Staley, Gatewood, Pruhs

NAYS: None

Mayor pro tem Cleworth declared the MOTION CARRIED and

Ordinance No. 5964 ADOPTED.

NEW BUSINESS

a) Resolution No. 4659 – A Resolution Awarding a Contract to Exclusive Paving, Inc. for the West Barnette Street Resurfacing & Drainage Improvements Project FB-15-03 in the Amount of \$396,999.08. Introduced by Mayor Eberhart.

PASSED and APPROVED on the CONSENT AGENDA.

b) Ordinance No. 5965– An Ordinance Amending Fairbanks General Code Section 2-118.1 to Add an Additional Public Member to the Council Finance Committee. Introduced by Council Members Matherly and Cleworth.

ADVANCED on the CONSENT AGENDA.

DISCUSSION ITEMS

a) Committee Reports

FMATS Policy Committee – **Mr. Walley** stated that the Committee met on February 18 and approved funding for the various street upgrades for 2015. He stated that the Policy Committee also approved funding sources for the Cushman Complete Streets project with an estimated cost of over \$8 million. **Mr. Walley** shared that the Committee also approved a letter addressed to Borough Mayor Luke Hopkins requesting a comprehensive plan update. He explained that according to Alaska Statute, the Borough Assembly is supposed to periodically review the plan and update it as necessary. He commented that it has been over 23 years since the entire road plan has been updated. **Mr. Walley** stated that the Policy Committee approved an increase to the South Cushman Resurfacing, Sidewalk and Drainage Improvements project. He stated that he was pleased to have Council Member Cleworth fill in at the last Committee meeting for Mayor Eberhart and expressed appreciation for the push for Borough involvement on the Committee to help the Cushman project move forward quickly.

Ms. Staley asked if the Borough indicated in any way that they may begin working on the comprehensive plan.

Mr. Walley stated that he does not know if the Borough responded to the letter sent by the Committee.

Mayor pro tem Cleworth spoke to the Memorandum of Understanding (MOU) the State of Alaska, FNSB and the Cities of North Pole and Fairbanks signed many years ago to turn some of the road construction power over so that local governments might have some say in what happens with local road construction. He explained that the City was often frustrated that the state would construct roads then turn the maintenance over to the City in perpetuity. Mayor pro tem Cleworth stated that the City approved a resolution several years back stating that the City would no longer take over maintenance of state-owned roads. He explained that when FMATS was formed it changed everything and now projects are discussed by the state and local governments at FMATS meetings. He stated that now the City is questioning the need to go to

the Borough for their blessing on the 2015 Cushman Street project because there is not a question of right-of-way or zoning issues. **Mayor pro tem Cleworth** stated that the only item left for the Borough to look at would be the comprehensive plan, Vision Fairbanks. He indicated that the plan calls for Cushman to be a two-way street, something that is already being violated. He stressed the importance of Cushman Street project completion in the summer of 2015 and added that it would cause a big problem if the Borough wanted to change the plan. He expressed hope that the MOU might be updated to streamline processes and prevent project delays.

b) Appointment of City Clerk Pro Tempore

Mayor pro tem Cleworth stated that there are two things to consider: 1) the City Code states that the Council *may* appoint a City Clerk Pro Tempore, and 2) the position has been offered inhouse only up to this point. **Mayor pro tem Cleworth** stated that if the Council wants to look at only the internal applicant(s), interviewing could be done at the next Regular City Council Meeting and a pro tempore appointment would not need to be made. He indicated that the Council would also need to determine salary if a job offer is made. He spoke briefly to the payroll issues involved with a union employee moving into a non-union position.

Mr. Walley asked how the process would go if the Council chose to look only at in-house applicants.

Mayor pro tem Cleworth stated that the last time the City Clerk position was vacant, the Council chose to consider applicants community-wide. He stated that he remembers interviewing candidates for the position but indicated that his memory is a little hazy on whether the interviews were done in a Regular Meeting or in an Executive Session. **Mayor pro tem Cleworth** asked Attorney Ewers how the interviews should be conducted.

City Attorney Ewers explained that when he was hired, there was an interview process and an Executive Session to discuss the salary range and the terms of the offer. He stated that the City Clerk interview(s) could take place in an Executive Session unless the applicant(s) wished to be interviewed during an open session.

Mr. Walley asked how many in-house applications had been received.

Mayor pro tem Cleworth confirmed that there was only one internal applicant.

Mr. Pruhs stated that he believes the in-house candidate should be interviewed first and only open it up community-wide if the Council feels that the in-house candidate is not qualified. He stated that he believes in hiring qualified applicants from within.

Mr. Gatewood stated that he has been involved in a number of application processes where there was a pre-selected candidate. He stated that if he was another applicant in that situation, he would still want the opportunity to apply for the position. **Mr. Gatewood** stated that if it was already established that the position would be advertised internally only, he believes that process should be followed no matter how few or how many internal applicants applied.

Mr. Matherly stated that there is already someone filling in for the City Clerk position. He expressed confusion as to why the formality of appointing a Clerk pro tempore is on the agenda.

City Attorney Ewers stated that City Code reads that the Council "may appoint a clerk pro tempore..."

Mr. Walley, seconded by **Mr. Pruhs**, moved to INTERVIEW the in-house applicant for the City Clerk position at the next Regular Meeting of the City Council.

Mayor pro tem Cleworth stated that he would like to know what the Code says about interviewing in open session versus private session.

The Council instructed City Attorney Ewers to look into how the City Code addresses the issue before the next Regular Meeting.

A ROLL CALL VOTE WAS TAKEN ON THE MOTION TO INTERVIEW THE IN-HOUSE APPLICANT FOR THE CITY CLERK POSITION AT THE NEXT REGULAR CITY COUNCIL MEETING AS FOLLOWS:

YEAS: Walley, Matherly, Gatewood, Pruhs, Cleworth, Staley

NAYS: None

Mayor pro tem Cleworth declared the MOTION CARRIED.

Mayor pro tem Cleworth stated that the City Clerk interview will be on the next meeting agenda in proper form, whether it be during open session or Executive Session.

COMMUNICATIONS TO COUNCIL

- a) Chena Riverfront Commission Meeting Minutes of December 10, 2014
- b) Appointment to the Fact Finding Commission

COUNCIL MEMBERS' COMMENTS

Mr. Matherly spoke in reference to the earlier testimony on the Polaris Building and the idea for a vertical garden. He stated that he does not want to waste time attending a meeting to discuss a building the City does not even own. He stated that he recently spoke with Marc Marlow, owner of the Polaris Building, and reported that Mr. Marlow is still optimistic about the renovation of the structure. He stated that he does not feel that the City should have a work session to discuss the future use of a structure that is owned by another party. Mr. Matherly shared that there is a meeting on February 24 at the Carlson Center to discuss potential changes at Fort Wainwright and encouraged everyone to attend. He stated that he is pleased that the Council took some action on the marijuana issue and added that there will likely be a lot of feedback from the public on the topic. Mr. Matherly reminded everyone to drive carefully.

Ms. Staley stated that the Fairbanks Community Listening Session at the Carlson Center will take place at 5:30 p.m. on February 24. She commented that the idea of having a vertical garden

in the Polaris Building is interesting and stated that she does not have much faith that Mr. Marlow will be able to succeed in the renovation of the structure.

Mr. Walley expressed appreciation to Mr. Shields for coming down to speak about the idea of a vertical garden. He commented that the Council held a work session on the issue a couple years ago. **Mr.** Walley cautioned everyone to drive safely.

Mr. Gatewood stated that he does not remember having a work session to discuss a vertical garden in the Polaris Building. He stated that he would not be opposed to attending a meeting where the issue is discussed, but indicated that he believes it would be inappropriate for the City Council to hold a work session to discuss the topic. He commented that regardless of Mr. Marlow's intentions, he is still the owner of the Polaris Building. **Mr. Gatewood** stated that as it stands right now, Mr. Marlow will either develop the property or the City will eventually take action in regard to the condemnation of the structure. He applauded Mr. Pruhs for introducing Ordinance No. 5964 and spoke to the opportunity for public input on the issue. He encouraged the public to get involved in the local legislative process.

Mr. Pruhs agreed with Mr. Matherly's comments in regard to the Polaris Building. He stated that it may be the Council's prerogative at some point to act on the issue. He expressed appreciation to everyone for their support on the marijuana ordinance and for the ability of the City Council to discuss issues. He thanked City Attorney Ewers for his guidance and help in drafting the ordinance.

Mr. Cleworth spoke to records in the basement of City Hall. He requested that Deputy Clerk Snider look into the issue to see if there are still records in the old classrooms and whether the records are to be relocated to another facility. Mr. Cleworth spoke to the recently-failed resolution by the City Council on the Staffing for Adequate Fire & Emergency Response (SAFER) grant. He stated that he read some blog comments that seemed to indicate that some people do not understand that the grant would not allow for any attrition. He clarified the terms of the SAFER grant, stating that it will not allow the City to use the grant-funded positions to fill future vacancies. Mr. Cleworth asked Ms. Staley for a report on the Public Safety Commission and how often the Commission has been meeting.

Ms. Staley stated that statistics from the Fire, Police and Public Works Departments are provided at each meeting. She stated that the Commission has been meeting at least every other month due to some added special sessions to discuss certain issues such as the Geraghty Street Apartments fire. She stated that the Commission has recently discussed issues such as the decline in citations issued by the Police Department and the Prospector Outfitters fire. **Ms. Staley** added that the Commission has also been working on a letter of support for the student resource officers (SRO's).

Mr. Cleworth commented that there are not as many vacant parking spots in the downtown parking garage as their used to be. He stated that he serves with Ms. Staley on the Golden Heart Parking Services (GHPS) Board and commented that the new director of the organization is doing a great job. **Mr.** Cleworth expressed disapproval of the Department of Transportation's (DOT) use of salt brine on Airport Way. He stated that he prefers the City's method of using

gravel on the roadways. He stated that he believes the real work on the marijuana issue is yet to come, especially in regard to zoning issues.

CITY ATTORNEY'S REPORT

City Attorney Ewers advised that the Council should give formal authorization for the Clerk to correct the typo in Special Orders, Item (a) to read that the appeal was for a denial, not a revocation, of a City Chauffeur License.

Mr. Matherly, seconded by **Mr. Gatewood**, moved to CORRECT Special Orders, Item (a) to read that the appeal was for a denial, not a revocation, of a City Chauffeur License.

Mayor pro tem Cleworth called for objection and, hearing none, so ORDERED.

ADJOURNMENT

Mr. Matherly, seconded by Ms. Staley, moved to ADJOURN the meeting.

Mayor pro tem Cleworth called for objection and, hearing none, so ORDERED.

Mayor pro tem Cleworth declared the Meeting adjourned at 8:35 P.M.

If any part of the work is to be accomplished by private contract, standard public works contractual procedures will be followed.

801.2 Costs. The cost of such work will be paid from the general fund and may be made from a special assessment against the property involved and/or a personal obligation of the property owner, as the city council shall determine appropriate.

CHAPTER 9 RECOVERY OF COST OF REPAIR OR DEMOLITION

SECTION 901 - ACCOUNT OF EXPENSE, FILING OF REPORT

The director of public works shall keep an itemized account of the expense incurred in the repair or demolition of any building done pursuant to the provisions of Section 701.3, Item 3, of this code. Upon the completion of the work of repair or demolition, the director shall prepare and file with the city clerk a report specifying the work done, the itemized and total cost of the work, a description of the real property upon which the building or structure is or was located, and the names and addresses of the persons entitled to notice pursuant to Section 401.3.

SECTION 902 - NOTICE OF HEARING

Upon receipt of the report, the city clerk shall present it to the city council for consideration. The council shall fix a time, date and place for hearing the report and any protests or objections thereto. The clerk shall publish notice of the hearing once in a newspaper of general circulation in this jurisdiction and shall mail a copy of the notice by certified mail, postage prepaid, addressed to the owner of the property as the owner's name and address appears on the borough's property tax records, if it appears, or as known to the clerk. In addition, the building official shall cause notice of the hearing to be posted upon the property involved. Such notice will be given at least 10 days prior to the date set for the hearing and will specify the day, hour and place when the council will hear and pass upon the director's report, together with any objections or protests which may be filed as hereinafter provided by any person interested in or affected by the proposed charge.

SECTION 903 - PROTESTS AND OBJECTIONS

2011 City of Fairbanks Abatement Code 1 of 2 Page

2011 CITY OF FAIRBANKS CODE FOR THE ABATEMENT OF DANGEROUS BUILDINGS CHAPTERS 8 & 9

Any person interested in or affected by the proposed charge may file written protests or objections with the clerk at any time prior to the time set for the hearing on the report of the director. Each such protest or objection must contain a description of the property in which the signer thereof is interested and the grounds of the protest or objection. The clerk shall endorse on every such protest or objection the date of receipt. The clerk shall present such protests or objections to the council at the time set for the hearing, and no other protests or objections will be considered.

SECTION 904 - HEARING OF PROTESTS

Upon the day and hour fixed for the hearing, the council shall hear and pass upon the report of the director, together with any objections or protests. The council may make such revision, correction or modification in the report or the charge as it may deem just; and when the council is satisfied with the correctness of the charge, the report (as submitted or as revised, corrected or modified) together with the charge, will be confirmed or rejected. The decision of the council on the report and the charge, and on all protests or objections, will be final and conclusive.

SECTION 905 - PERSONAL OBLIGATION AND PROPERTY LIEN

905.1 General. The council may order that the charge be made a personal obligation of the property owner and/or a lien against the property.

905.2 Personal Obligation. If the council orders that the charge be a personal obligation of the property owner, it shall direct the city attorney to collect the charge on behalf of the city by use of all appropriate legal remedies.

905.3 Property Lien. If the council orders that the charge be made a lien against the property, it shall direct that the lien be recorded. The lien will be paramount to all other liens except for state and borough property taxes with which it will be upon a parity. The lien will continue until paid in full.

905.4 Interest. All charges imposed by the council remaining unpaid after 30 days from the date of recording will become delinquent and will bear interest at the legal rate from and after that date.

SECTION 906 - CONTEST

Any action to contest the council's action under Sections 904 or 905 must be commenced within 30 days.

Project Title: Fuel Storage Tank Replacements and Upgrades

Priority: 1

FY2016 State Funding Request: \$460,000

Brief Description of the Project: The City of Fairbanks requests funds to replace its aging underground fuel storage tanks with a new aboveground fuel storage facility with increased capacity.

Project Type: Remodel, Reconstruction, and Upgrades

Funding Plan:

Total Project Cost	\$460,000
Funding Already Secured	(\$0)
FY2016 State Funding Request	(\$460,000)
Project Deficit:	\$0

Detailed Project Description and Justification

The City of Fairbanks currently dispenses gasoline and diesel fuel from two 10,000-gallon underground storage tanks at its Public Works Facility. The tanks were installed in 1980 and serve a fleet of over 120 vehicles and 150 pieces of equipment used by the Public Works, Fire, and Police Departments. Over time the tanks have corroded and lost their integrity, and based on the results of their last inspection are not expected to be recertified for use in 2015. The tanks are also located in an area at moderate risk to flooding according to FEMA flood maps, and if floodwaters were to submerge this area, the tanks could become displaced (i.e. buoyant), fill with water and contaminate the fuel, and/or release fuel to the environment. The City would therefore like to replace the aging underground tanks with new aboveground tanks placed above the base flood elevation. In addition, the City would like to expand the fuel storage capacity from two to five 10,000-gallon tanks to increase the emergency response operating ability of the Public Works, Fire, and Police Departments. The current amount of fuel storage is only sufficient to operate the fleet for approximately five to six days. If a major disaster were to occur that impeded the resupply of fuel, this could severely limit emergency response capabilities. Increasing the capacity from two to five tanks would not only increase the emergency response operating ability to almost two full weeks, but also offer a resupply point for refueling emergency backup generators and heat sources for all of the City's essential facilities.

The project would involve constructing a concrete slab foundation with a pavilion-style metal roof, purchase of five 10,000-gallon double-walled aboveground storage tanks, relocating the existing fuel dispensers to the slab, installing new fuel supply lines and leak detection system, and removing and disposing of the existing underground storage tanks. The new aboveground fuel storage facility would be placed immediately adjacent to the location of the existing underground storage tanks on the City's 62-acre Public Works property. Below is an estimate of the project costs:

Aboveground fuel storage tanks (\$45k each)	\$225,000
Concrete slab foundation	50,000
Metal Roof	35,000
Fuel supply lines and leak detection system	50,000
Engineering design	35,000
Removal and disposal of existing underground storage tanks	15,000
Contractor bonding and other costs	<u>50,000</u>
TOTAL	\$460,000

Project Timeline: Completion of the project by September 30, 2016.

Project Title: City of Fairbanks Local Road Reconstruction

Priority: 2

FY2016 State Funding Request: \$15,512,826

Brief Description of the Project: The City of Fairbanks requests funds to reconstruct residential streets in six subdivisions where the aging pavement was significantly degraded by the past summer's record rainfall. Reconstruction of these streets would include drainage improvements, re-profiling and re-grading the road sections, and new asphalt concrete pavement and driveway connections. Natural gas lines would be installed by Fairbanks Natural Gas in coordination with the street reconstructions.

Project Type: Reconstruction and Upgrades

Funding Plan:

Total Project Cost	\$15,512,826
Funding Already Secured	(\$0)
FY2016 State Funding Request	(\$15,512,826)
Project Deficit:	\$0

Detailed Project Description and Justification: Summer 2014 was the wettest summer in Fairbanks since 1906, when weather data was first recorded in the Interior. The year's total was amassed from the wettest June on record and second-wettest July ever, followed by the second wettest August ever. These conditions saturated the ground and driving surfaces, resulting in extensive degradation of local roads to the extent that entire sections of roadway have fallen apart and cannot be patched or repaired, but must be entirely reconstructed. For most of these roads there were either no piped storm drain systems or the existing systems were inadequate to handle the sheer volume of rainfall. The areas within the City most significantly impacted included all roads in the Rickert, Gateway, and Bjerremark Subdivisions, and portions of the Fairbanks Townsite, Shannon Park, and Hamilton Acres Subdivisions. Attached is a spreadsheet identifying the streets that have degraded to a condition where complete reconstruction with new drainage is required. Below is a summary of the construction costs by subdivision.

Subdivision	Total Length of Road Reconstruction	Cost*
Rickert - Entire Subdivision	12,010 LF	\$2,197,830
Gateway - Entire Subdivision	7,037 LF	\$1,298,327
Fairbanks Townsite - Select Streets	21,650 LF	\$3,994,425
Shannon Park - Select Streets	6,885 LF	\$1,270,283
Hamilton Acres - Select Streets	9,035 LF	\$1,666,958
Bjerremark - Entire Subdivision	27,561 LF	\$5,085,005
TOTAL	84,178 LF	\$15,512,826

^{*}Cost estimates were derived from actual cost data for local road projects the City completed in 2013 and 2014. The costs for this project were calculated at \$150/LF for road construction, estimated 15% of construction cost for survey and design, and 8% for construction administration. See attached spreadsheet for a breakdown of these costs.

Reconstruction of the roads would consist of a 26 to 30 foot wide paved road section with drainage improvements. No sewer or water upgrades would be made unless Golden Heart Utilities elects to fund and upgrade utility mains within the project footprint. Fairbanks Natural Gas is expected to install natural gas lines in coordination with the reconstruction efforts.

Project Timeline Substantial completion of the projects by September 30, 2016.

Re: Boys & Girls Club - Fairbanks Lease Renewal

Dear Mayor Eberhart:

Boys & Girls Clubs of Southcentral Alaska - with 31 Clubhouses across our great state, including the Boys & Girls Club of the Tanana Valley in Fairbanks respectfully requests lease renewal for its current location, the rear portion of City Hall. Our current lease expires in May – it's hard to believe that the Boys & Girls Club has been at its current location for more than 15 years! We request consideration of a five-year lease extension.

The Boys & Girls Club of the Tanana Valley (Old Main Clubhouse) has been a staple for safe, positive fun for Fairbanks youth! Programs like Project LEARN enable our Club youth to set academic goals for school attendance, school performance, grade improvement, and high school graduation. Professional staff and volunteer mentors assist in motivating youth in attaining those goals and celebrate successes along the way. Our Triple Play program encourages active, healthy lifestyles and prevention programs address avoiding drugs, alcohol and risky behaviors.

Boys & Girls Clubs – Alaska appreciates the City of Fairbank's partnership over the years to provide terrific space for Boys & Girls Club programs. Our goals are always to deepen the impact on the youth we serve, to reach out to more and more youth that will benefit from our mentoring programs, and to be a positive influence on the youth of our communities – and to be a good neighbor.

Please contact me should you have comments, questions, or concerns - or contact our Fairbanks Club managers Sarah Nichols or Sylvia Hutchinson.

As compensation for use of the premises during the life of this lease and any extensions thereof, Lessee shall pay monthly its full pro-rata share of the utilities expenses for City Hall, including cost of vehicle headbolts. Why are you interested in serving on a board or commission? What life experience can you contribute to the benefit of the board or commission?

The City's Public Safety Commission Board first came to my attention about a year ago when a vacancy was

created on the board by the departure of Bill Satterberg. Bill suggested that I apply for that vacancy. I've had a rather broad and lengthy tenure with public safety in the Fairbank's area working for 22 years in a variety of assignments as an Alaskan State Trooper. Alaska and Fairbanks have been my home since 1968. I've always been grateful and have appreciated what this community has given me. I just figured this might be a means of giving some of that back.

Brief Personal Biography (or attach resume):

I grew up in Nebraska. I came to Fairbanks In 1968. I graduated from the University of Alaska In 1971. Served in the U.S. Army, 204th M.P. Company, Fort Sheridan, Illinois 1971-1973. Taught 7-12 at Anderson Village School, Anderson, AK 1973-74 term. State Trooper 1974-96 mostly in Fairbanks; Patrol, Investigations, JS, Rural Unit, Supervisory, SERT Commander and Dive Master. Taught 7-12 Monroe Catholic 1996-2012, retired vice principal. Taught Criminal Justice Courses TVC, 1997-1999.

Interests & Experiences

Question applies to Fairbanks Diversity Council.

Please tell us how your diversity will benefit and contribute to the mission and purpose of the Diversity Council.

I am a first generation immigrant from China/Taiwan, and have been living in the US for several dozens of years with 40+ years in Fairbanks. I came to this country after I graduated from college in Taiwan to pursue

post graduate studies. Not leaving my native country until adulthood, and being in this country for several decades, I consider myself well rooted in both cultures – Chinese and American. I feel comfortable going back and forth between these two cultures. Being a woman engineer worked in a male dominated profession for over 30years, I have experienced first-hand the subtlety of unequal treatment intentionally or unintentionally executed. I believe that my bi-culture living and my experience in traditional women role of raising a family, as well as a long tenure in a male dominated workplace give me a broad understanding of diversity and unequal treatment. I believe my understanding in this topic of diversity will benefit and have a definite contribution to the mission and purpose of this Council.

Please tell us about yourself and why you want to serve.

Why are you interested in serving on a board or commission? What life experience can you contribute to the benefit of the board or commission?

Fairbanks is a diverse city with some 30+ languages spoken. Most of us would readily say positive word about diversity, and recognize it as an asset, yet, do not know how to alleviate conflicts caused by our differences or for some don't even realize unequal treatment existed in our community. I am glad to see that our city leadership is taking the leap to form a commission to focus on this issue. I am just like most of the people not fond of meetings. I hesitated and did not step forward to serve at the start of this Council. I realized that I should not just stay within my comfort zone after a couple of people urged me to serve. I know I'll find my time well spent with people on this Council.

Brief Personal Biography (or attach resume):

See attached resume (I can't get the prompt to answer the second question -Please tell us about yourself and why you want to serve. I am answering it under this prompt: I have been living in Fairbanks for over forty years, and consider Fairbanks home. I have benefited from many community services and community events. As my children growing up, my family had been in the receiving position for all those years. I feel obligated and have no hesitation to serve and offer what I have to make Fairbanks a better place to live.)

Portfolio Summary Fourth Quarter 2014 Fairbanks Permanent Fund

• Q4 portfolio return of +2.46% vs. blended benchmark return of +2.47%. An over-weight to U.S. large cap equity and an underweight to TIPS were positive contributors. EAFE and emerging market allocations detracted from performance.

• Actively managed fixed income Q4 return of +1.86% vs. Barclays Aggregate return of +1.79%. An overweight to the 10 year maturity bucket helped relative performance.

Portfolio Positioning as of December 31, 2014

Fairbanks Permanent Fund

- Bonds (Underweight)
 - Treasuries have become further overvalued; held as insurance against flight to quality/deflation
 - Maintain modestly below index duration
 - Remain overweight spread product (corporate bonds)
- Equities (Overweight)
 - Maintain overweight to U.S. equities
 - Stronger U.S. economic growth relative to the rest of the world
 - Neutral on international markets
 - Valuation is more attractive, but weak currencies impact returns
 - EM affected by weak corporate earnings and falling commodities

Outlook and Positioning

- Global multi-speed economic expansion
 - U.S. leading the way, Japan improving, Europe shaky, China wildcard
 - Inflation tame across the globe: +1.3% U.S., -0.2% Europe, & +1.5% China
 - Oil price collapse is bad for producers (and Alaska), but good for the consumer
- Central banks diverging, as Fed looks to raise rates sometime in 2015
 - U.S. QE ended in October and Federal Reserve set to be "patient" with any rate hikes
 - ECB and BoJ dovish for years as economies sluggish and deflation risk remains
 - Interest rate differentials driving strength in the dollar
- Maintain slight overweight to equities vs. fixed income
 - Record U.S. earnings with full valuations
 - Stocks cheaper overseas (especially the emerging markets), but weak currencies impact dollar returns
 - Interest rates at historic lows, but only a gradual rise is anticipated with movement focused on the front end of the curve

Compliance Report

Background

April 21, 2010

To: Permanent Fund Review Board

From: City of Fairbanks, Finance Department and APCM

Subject: Compliance

During this year's audit of the Permanent Fund the question was raised as to exactly how does the Finance Department know the Fund was in compliance with the various restrictions contained in the authorizing ordinances and resolutions. While the auditor's questions were answered it became apparent that a more formalized compliance system would make this question mute.

Nine specific compliance questions have been identified and it is recommended that a compliance appendix be included at each quarterly meeting illustrating that the Fund meets all of the respective criteria. The identified nine items are as follows:

- Equity and Fixed-income limitations as wells range limitations within the two categories.
- 2. Corporate debt limitation of 30% of total portfolio market value.
- Limitation on the purchase of any bond in excess of 600 basis points above a comparable duration US treasury.
- 4. Limitation on the purchase of any CMBS after January 1, 2009.
- 5. Ratings and downgrade limitations on corporate securities.
- 6. Five percent limitation on any one security (total portfolio).
- 7. Ten percent limitation on Baa rated securities (fixed income portfolio).
- 8. Duration constraint of between 80-120 percent of the Barclays Aggregate.
- 9. Twenty-Five percent industry limitation (total portfolio).

In the attached packet each of the nine limitations are addressed by either a specific report or calculation based upon an enclosed report to illustrate compliance. Should the Board approve of the format; the Compliance Report will become a regular appendix presented at each quarterly meeting.
